-*-Second round warm up 4/3/3 *-

Single Elimination.

Court Assignments

1-8 will play on courts 2 & 3 (middle main courts)

9-16 will play on 1 & 4. (both ends of field house)

Finals for 1-8 played on Court 2 with Finals of 9-16 played on Court 3

Refs will line judge both final matches

Line judge assignments will be made by the lowest seed not playing or the loser of the previous match

Seeding: Pools- I asked for direct feedback. I also used the WIAA Sectional Assignment and Conference for each team to create pool play against teams you are not likely to see elsewhere on your schedule. I then looked at WISSPORTS record information as of 9/3/23

Seeding: Tournament brackets

- 1) overall record
- 2) win ratio: if team A is 6-0 team B is 6-1 team a win ratio is better than B 6 out of 6 versus 6 out of 7 so they will get higher seed
- 3) head to head (if available)
- 4) total point differential

LASTLY—please be very kind to our officials. We almost lost this event due to the extreme shortage. They will all do their best to be steady and consistent. This should allow for good games and fair contests—let's try to not get excited – THANKS again for participating in this tournament.
